The committee is currently working to grant the remaining $435,000 this month. Fundraising efforts will begin again in January. **OLD BUSINESS/NEW BUSINESS**

- A $1.5 million donor advised fund was held up in the Attorney General’s office until just recently; we expect to receive the money in 2021.
- Eleven new funds were opened this year. Zoom meetings with donors and potential grantees have been successful and enjoyable.
- The National Conference of CPA Practitioners (NCCPAP) tax symposium was held virtually this year because of COVID. It was well-attended. LICF was highlighted at the event, along with the Linda Fund. The Linda Fund fundraised prior to and at this event, and they gave us $5,000 for our COVID-19 fund.
- Northwell scholarships were all paid. Northwell will renew next year and increase the number of recipients. It will increase the scholarship fund to $500,000 a year within the next four to five years.
- The Yurman Family distributed $75,000 through the COVID-19 Response Fund among seven East End organizations.
- Marie will send the media packet to board members by email.
- New tax proposals and the fact that many financial institutions are warehousing charitable dollars in donor advised funds were discussed. Board members should be mindful of LICF in any tax/donor advised fund conversations they might be part of. LICF donor advised funds are kept active.

The meeting was adjourned at 9:40 a.m.
